### Event Overview<sup>2</sup>

---

The **Regional Studies Association European Foundation** (RSA Europe) is partnering in the #EURegionsWeek, **11 -14 October 2021**, the European Week of Regions and Cities, which is the biggest annual Brussels-based event dedicated to regional policy. This event serves as a platform for discussing and showcasing the development of the EU cohesion policy and contributing decision-makers being more aware of the importance of regions and cities in the EU.

The University Sessions are organized by the European Commission, Directorate-General for Regional and Urban Policy (DG REGIO) and the European Committee of the Regions (CoR) advised by the RSA Europe, the cooperation of the European Regional Science Association (ERSA) and the Association of European Schools of Planning (AESOP).

The academic societies (led by RSA Europe) will host around 10 Sessions in-person or virtual (the format will be confirmed) showcasing the best of new research to the largely policy-based audience at the week.

The RSA Europe now invites proposals for these sessions and submission of proposals that may relate to the following overarching themes which constitute the focus of the 19th edition:

- **Green Transition:** for a sustainable and green recovery
- **Cohesion:** from emergency to resilience
- **Digital Transition:** for people
- **Citizens' engagement:** for an inclusive, participative and fair recovery

Proposals should be submitted online at the link:
