The American Economic Association (AEA), in conjunction with 59 associations in related disciplines known as the Allied Social Science Associations (ASSA), holds a three-day meeting each January to present papers on general economics topics.

The ASSA 2019 meeting will be held on January 4 - 6, 2019 in Atlanta, Georgia and the program offers in-depth coverage of economics topics across many disciplines via hundreds of speakers and panels..

Generally, this meeting brings together thousands of job-seekers and recruiting companies in pre-registered interview sessions and it is important to mention that, award presentations, lectures, and many networking opportunities are also part of this meeting.

Furthermore, the American Economic Association publishes a Papers and Proceedings edition in May highlighting selected papers from the meeting, and a limited number of sessions are featured on webcasts.
